

**American Board of Forensic Odontology
Bitemark Evidence and Patterned Injury Committee
Bitemark Workshop 2011**

DATE: Saturday February 26, 2011

TIME: 8AM-5PM

LOCATION: To be announced

FEES: Participants - \$400

Observers - \$250

The ABFO will sponsor another Bitemark Workshop in conjunction with the AAFS Meeting in Chicago next year. This will be a full day Workshop on the Saturday after the AAFS Meeting. The morning portion of the Workshop will feature lectures concerning various relevant aspects of bitemark analysis including report writing, digital analysis of bitemark evidence and legal considerations relevant to the NAS report and the Innocence Project. The afternoon will feature “expert witness testimony” by participants. These presentations will be based on evaluation of bitemark evidence in a selected case provided by the ABFO Bitemark Evidence and Patterned Injury Committee. Reference material concerning the lecture topics will be provided in advance, so that participants have the benefit of these resources when evaluating the case prior to providing their “expert witness testimony”.

Participants will attend the morning lecture session and present their “expert witness testimony” in the afternoon. Observers will attend the morning lecture session and observe the “expert witness testimony” in the afternoon.

If you wish to participate in the Workshop or would like additional information about the Workshop, please contact Dr. Tom David by email – tjd214@comcast.net
